## MADE TO MEASURE

NOAH HAND's foundation is built on boundless possibilities and exacting standards. A full-service custom studio, the company starts each project as a white piece of paper and distills, elevates, and realizes a client's desires, whether it be an AD100 designer with a precise concept, or a customer who needs creative direction and knows only the best will do. NOAH HAND handles every last detail – from space planning to manufacturing and installation – with the acumen that only a time-tested, highly skilled team can bear.

Fully integrated hardware conveys the minimal, seamless, and sleek look of the NOAH HAND, whose inspiration was drawn from the historic visual vernacular of the brand. The lithe and refined horizontal and vertical lines of the hardware emulate molding lines, creating a calming and ordered visual effect. The streamlined look is worked out in the proportion of the hardware lines to the cabinetry dimensions, while the integrated hardware cuts a modern, trim, and tailored silhouette. Additionally, the orientation of the hardware's handle—vertical, horizontal, and left, right, or center aligned—can be specified per the client's wishes, sure to be a favorite of anyone with an architectural eye. Available wood options include walnut, oak, eucalyptus, and paldao, while strie and hand painted brush stroke finishes are also on offer. Hardware finish options lend our cabinets. 1 a vast array of moods.

A modern take which boasts a classic panel door and proprietary flush hinges, giving the kitchen an elegant, fresh twist. The square hinge is integrated into the bead, conceived NOAH HAND instead of being proud of the cabinet, the hinge fits seamlessly into the door, delivering a classical and tailored facade. Hand painted brush stroke finishes are offered in a neutral range, strie finishes are available in Tranquility, Platinum, and Almondine, while wood offerings include walnut and oak. Our Collection hardware, with its multifaceted silhouettes, act as perfectly proportioned jewels set into the cabinetry.

A PLACE FOR EVERYTHING AND  
EVERYTHING IN ITS PLACE

A contemporary interpretation of a recessed panel door, NOAH HAND conveys refinement with a soft cove and warm edges. The subtlety of the cove allows for fine crown molding and wains panels without overtaking a space with ornamentation, as traditionally recessed panel doors often do. Drawer head options are available in slab or stile, with strie finishes in Tranquility, Platinum, and Almondine and a choice of walnut or oak wood. In addition to monochrome, a special tone on tone treatment is available for the cove and panel, offering light and medium options which give either subtle or strident depth and contrast. As in the NOAH HAND the design works beautifully with our Collection hardware.

CLEAN, REFINED LINES AND SUBTLE DEPTH ARE CAREFULLY BALANCED WITH ITS SOFT COVE AND TONE ON TONE TREATMENT.

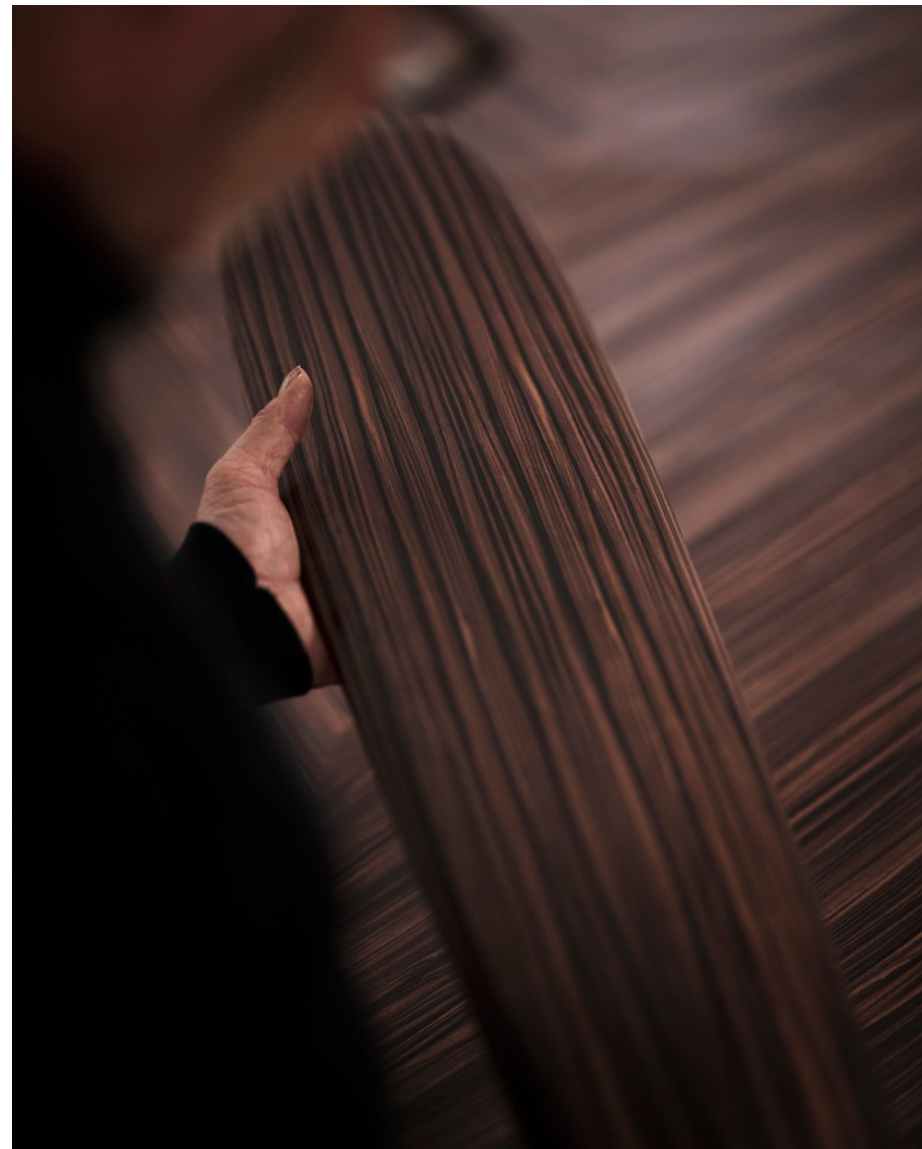

THE KITCHEN, THE HEART OF THE HOME, IS THE BACKDROP OF MODERN LIFE. NOAH HAND'S KITCHEN FUSES BEAUTY AND PURPOSE, NEVER SACRIFICING ON EITHER.
